

GENEWIZ DNA Sequencing Services

Sequencing Service Types

Pre-mixed - Most Economical

DNA and primer pre-mixed by customer or
Choose a GENEWIZ universal primer to be added for free
Concentrations adjusted by customer according to our guidelines

Pre-defined - Standard

DNA and primer provided separately by customer
Concentrations adjusted by customer according to our guidelines

Custom – Full Service

DNA and primer provided separately by customer
Concentrations checked and adjusted by GENEWIZ as needed

*All three options above can utilize our difficult template protocols
for GC-rich and shRNA templates!*

Service Highlights – USC

- **High Quality Data** – We use the latest ABI platforms and provide read lengths in the 750-1000 base pair range
- **Fast and Convenient** – Results available by 10:00am the following day. Just drop your samples into our drop box, or utilize our courier pick up service.
- **Best Customer Service** – You'll appreciate our customer-friendly repeat policy, with expert customer support
- **Online Ordering and Data Retrieval** – Available anytime, anywhere, with bar code tracking from start to finish
- **Competitive Pricing** – Enjoy our competitive pricing and volume discounts
- **Time Saving Options** – Sequencing from bacterial or phage, PCR purifications, plasmid prep, primer design, and primer walking services
- **Best-in-Class Proprietary Protocols** – Experience success with difficult-to-sequence RNAi templates and GC-rich constructs

How to Order

- 1) Go to www.genewiz.com and create your online account by clicking the new account set up link.
- 2) Click on account activation email. If you do not get it please check your spam folder. If you still do not get it, contact technical support.
- 3) You must use your USC Account number to get CORE pricing.
- 4) Prepare your samples according to the sample submission guidelines found on our website. Log in to your account and place your order.
- 5) Put samples in one of our drop boxes, or request direct-to-lab pickup if a drop box is not available. Drop box locations and cut-off times are as follows:

Health Sciences Campus

HMR Bldg - Room 504 – 2:30pm
PSC Bldg - Room 404 – 2:30pm
ZNI Bldg – Mailroom - 2:30pm
CSC Bldg - Room 145 - 2:30pm
NRT- G514 (DNA Core) - 3:00pm
NRT – Room 5410 – 3:00pm
Ezralow Tower – Room 6321 – 2:30pm

Main Campus

Irani Hall – Room 201 – 2:30pm
Ronald Tutor Hall – Room 515 – 2:30pm
Dental School Bldg – Room 4107 – 2:30pm
